

DIGITAL ASSET OWNER (m/f/d)

Vienna/fulltime

Your responsibilities

- Work closely with the Product Teams to build the right Services and the right services right. You will be responsible for building the new digital Assets for two markets. To collect requirements and define macro aims and priorities for the Digital Asset is an obvious.
- Accountable for creating & enhancing Consumer Digital assets in line with the product roadmap
- Act as an ambassador for the digital asset internally and externally and as the primary contact for queries related to consumer apps and portals
- Write the consumer user stories (i.e., the formalized description of the feature or part of feature which needs to be developed), and associated acceptance criteria.
- Define and prioritize requirements (stories) in the team backlog, accept stories as completed, supply backlog management, iteration planning
- Lead Agile squad/scrum team; supplying vision and direction to the Agile development team.
- Cultivate a culture of build, measure, learn

About us

Sodexo Benefits & Rewards Services is market leader for paper-based employee vouchers with the ambition to reinforce this positioning in the card-based (digital) payment environment. BRS Austria has an exciting job opportunity for an experienced Digital Asset Owner within the marketing team responsible for the product development cycle of payment products as digital assets. This versatile job opening holds room for maximum action and involvement to drive the development of the product portfolio and contribute to our future success. The ideal candidate has a passion for consumer first development, challenges the team towards building digital assets that are simple and efficient to use.
