

## Product Owner - eCommerce

Take a leading role in revitalizing our eCommerce platform, and help us redefine the future of employee experience. Your vision, skills, and passion can make a real impact.

### What you can expect

- **You'll Lead Our eCommerce Evolution:** Take charge of our existing eCommerce platform, focusing on its enhancement, alignment with global standards, and local customization.
- **You'll Create Seamless User Experiences:** Collaborate with UX, tech, and marketing teams to design and implement an intuitive user experience.
- **You'll Foster Local & Global Collaboration:** Align and engage with development teams across Pluxee's network to maintain consistency, quality, and relevance.
- **You'll Analyze and Innovate:** Utilize data analytics and customer insights to drive continuous improvement, innovation, and growth.

### What we expect

- **Experience:** Minimum 5 years in digital product management with a focus on eCommerce.
- **Skills:** Expertise in UX design, payment systems, API integrations, and CRM environments such as Salesforce.
- **Language:** Fluent in German and business proficient in English.

### What we offer

- Flexible working hours, home office and an additional vacation day for birthdays
- Numerous voluntary social benefits (EUR 8,- lunch allowance/day, job bike, insurances and much more)
- On the basis of full-time employment, we offer a gross annual salary of EUR 65,000 (depending on experience and qualifications, a corresponding overpayment is possible).

### How it is working with us

- Differences make us strong
- We are as passionate about our network as you are
- We are currently growing together with Austria and are creating a strong cross-border team
- We like to see you in the office as much as in Videocall

**Join us and Be the Change**
